Hi, I'm Sejal a passionate UI/UX designer who believes good design is like a conversation. It listens first, then responds with clarity and care. I use Figma, and research-led thinking to craft digital experiences that not only look good but solve real problems. If you're looking for someone who designs with empathy and intention, we should talk.

Experience

Osumare Marketing Solutions

UI/UX Designer

Osumare Marketing Solutions | Jan 2024 – Present

Here, I'm learning the art of combining business goals with design clarity.

- Designed marketing landing pages with improved user flow
